Dear Parents/Carers,

We recognise that closing schools will put additional strain on families especially those who rely on elderly relatives for childcare.

With this in mind we are planning to offer free childcare for children of all workers who are critical to preserving life, maintaining law and order and supporting those in isolation during the Easter holidays at one or two of the schools in our Trust depending on the demand. Key workers are all those in medical services (those who work in GP surgeries, hospitals or ambulance trusts) care workers (those that work in care homes or hospices) police force, fire and rescue services, armed forces, pharmacy staff, food supply/delivery and those providing services for the elderly and vulnerable in the community. We now have a list of staff to volunteer to support this scheme and we may add to the list of those who can access this scheme as this situation develops. We are now able to make this offer more widely to all schools in our local area who are part of the Enfield Town Schools' Partnership. Our Partnership Manager will be supporting this process. Firstly, we need to collect names and contact numbers so please complete the attached Easter Scheme form and return this to **your school** as a matter of urgency so that we can set up email addresses and keep in contact with parents about our plans.

We also realise that we may be stopped from running this if we are in total lockdown but this is not the case currently so we will continue on with planning this provision. We have also enlisted the support of a local scout group to support us with this if we have low staff numbers.

Once again we would like to thank you for your support and good wishes during these very challenging times for everyone. Please return the attached form as soon as possible.
