

Pupil Survey January 2021

Thank you to all children who completed and returned a survey. We had 37 children respond, which is not very many for a school of 360 pupils, but we hope that those who didn't are okay. If you do have any worries or questions, you can always send a message to your teacher or to me on Teams or Class Dojo. Below is a breakdown of how people responded to each question.

From next week, at the end of each live session, your teacher will stay online for a few minutes for you to ask questions about your work or get extra help if you need it. Also from next week, we will work harder to give you some more learning to do that doesn't need a screen. Soon we will be asking your parents to come to school to collect a pack for you. In there will be a workbook for English and Maths, a sketchbook and pencil crayon set and also a little treat for you!

Every Friday is going to be almost completely screen free and next Friday will be a very creative day. You will find out more about this on Monday.

We know you are all missing your friends so every class will have a session each week when you can just chat together for a while.

If you have read all the books you have at home or would like some different books to read, please let your teacher know and your parent can collect a pack from school. It would be helpful if you could tell us what your AR reading level is, and what types of books you like to read so we can choose books that are suitable and fun for you. Also, if you have finished your home learning book or need any other resources to help your learning, your parent can collect these things from the school office.

Until we can see each other in person again, keep safe (and warm and dry!) and if you need anything, please let us know.
