School vision: 'Helping each other to live successful lives in the world of tomorrow'

### LANGUAGE OF THE HALF TERM- GREEK

In the Autumn term we celebrated our **TURKISH** speaking children and their families and all thoroughly enjoyed learning how to greet and speak simple phrases together.

This half term we will be learning **GREEK** and practising simple questions and answers and also counting in Greek during Maths week (w/c 29th Jan). If you are able to come and help us support our learning and speaking of Greek in your child's class please contact Mrs. Levison (Assistant Headteacher) we would love to have you!

Newsletter Date:  
Friday 12th  
January 2018

Spring Term  
Issue 2

O2—Tuesday 6th Feb.
- Valentine Disco—  
Friday 9th February
- Half term—Monday  
12th February—Friday  
16th February. Children  
back to school Monday  
19th February

### MATHS WEEK

Maths Week will be taking place week beginning 29th January. The children are encouraged to design and make a **MATHS HAT** to bring into school at the start of the week. Ideas can be found on the internet.

More information about Maths week

will be sent out next week.

### SCIENCE AT WINCHMORE HILL SCHOOL

On Friday 5<sup>th</sup> January, a group of talented scientists from Year 6 visited Winchmore School. The purpose of this visit was to allow them to experience how science is covered in a Secondary School. We were given a very warm welcome

and the children were very excited as they entered a science laboratory for the first time! The lesson taught them how fireworks are created, allowed them to use a Bunsen burner for the first time and to test how a variety of metals react when exposed to a flame. Thank you to the Science Department at Winchmore School for being such excellent hosts, and to the SMAB children involved for representing the school and making their teachers very proud!

### PUNCTUALITY AND ATTENDANCE

**3T** won the punctuality trophy with one late and **60** won the attendance trophy. Well done!
