'An inclusive Christian community, building on firm foundations for successful lives.'

SCIENCE CHALLENGE

These are our winners for the Science Challenge (Gabriela, Kacper, Alice, Ameerah, Tamar and Bahar), which was held during Science Week. Three pupils from lower school and three pupils from upper school.

They all received a prize for their hard work. Congratulations!

Newsletter Date:
Friday 15th
March 2019

Spring Term
Issue 9

Dates for your diary:

- **Water Aid— Friday 22nd March .Dress in blue and bring £1 for the charity**
- **Assessment weeks**
 Years 3,4 and 5—
w/b 11th March and w/b 18th March
- **School reports go home for Year 3, 4 and 5—**
Friday 22nd March
(Year 6 reports go out in the summer term)
- **Year 3 St Cuthbert's Church Service—**
Monday 25th March
- **Consultation Evening—Thursday 28th March (More information to follow)**
- **Year 6 height and weight measure—**
Tuesday 7th May.

FOTSA

Following the huge success of the FOTSA parents quiz evening, parents who are helping out with FOTSA are meeting this Friday 15th March at 8pm, ALL WELCOME, we'd love to see new faces. Meeting to be held at St. Cuthbert's vicarage, 85 Wolves Lane. We will discuss the second-hand uniform sale (to be held 28th March) and planning for the Summer Fair (22nd June). Volunteers needed and most of the tasks right now can be done in evenings at home - can you spare an hour to help? Come along to find out how. Can't make the meeting and still like to help? - email Fotsa.N13@gmail.com—Amy Amer, Chair of FOTSA.

EASTER RAFFLE

The Easter raffle will be taking place on Thursday 4th April. Tickets will be on sale shortly at 20 pence per ticket. You can help by donating an Easter egg or two for the raffle. All donations will be greatly appreciated.
 Thanking you in advance for your support.

HEADLICE

They are back!
 Please check your child's hair regularly.

PUNCTUALITY AND ATTENDANCE

5A won the punctuality trophies with 0 lates and **5L** the attendance with 98% Well done!

'JOURNEYS' SCIENCE WEEK AT SMAB

Professor Paul
making lava
lamps with 3T

Science competition winners with their work and prizes

Exploring electricity

Last week we held a very successful science week based around the theme of journeys. Classes learned about pollution, the role of bees in the journey of life and scientific explorers during lessons. For the whole school competition all children were asked to find ten terrific scientific journeys and one of those journeys in detail.

On Tuesday, Professor Paul from Professor Bubbleworks, visited the school, led whole school assembly (the fire tornado brought down the house!) and ran a series of workshops for all lower school classes. They learned how to make lava lamps and slime and explored how they could be part of an electrical circuit!

Throughout the week, classes were designing and making a vehicle that would carry an egg over a long distance without damaging the egg. The designs were all great and used a variety of scientific methods to power them. Several of the vehicles were unsuccessful on the day but the learning and cooperation involved was invaluable.
