## CLASS DOJO

We believe that effective communication between home and school is essential to support children in their learning. Class Dojo is used in every class to celebrate the sensible choices the children make. Class Dojo is a communication application (app), which connects parents/carers, teachers and children. Teachers use it as a communication platform to encourage children and to get parents/carers engaged in their children's learning. It has a reward component and a communication system. **If you have not already done so please download the app and sign up.** We use this as a means of communication with parents. If you are unsure, ask your child's class teacher.
